

Loss Control Solutions

Third Coast Underwriters' (3CU) loss control consultants work to protect your most important asset — your people — by helping reduce workplace accidents/illnesses and improving your staff's productivity.

We accomplish this by:

- Performing a comprehensive evaluation of your safety program against the best practices of 27 different and effective safety controls. We introduce this during our initial prospect meeting and continue to develop it as you remain our client.
- Prioritizing our findings into strategic and tactical improvements and then turning them into actionable plans that will deliver the best results for you. We follow this up with 3CU-assisted training, audits or other agreed-upon processes, as deemed necessary.
- Providing quarterly contact and solutions based on areas of opportunity that we identify throughout the year.
- Ensuring that our loss control consultants remain knowledgeable about safety issues. We require our staff to be OSHA 30-hour 1926 instructors and National Safety Council defensive driving instructors.

3CU also offers extensive loss control resources, including:

Risk Management 411, our simple-to-use risk management information system that provides powerful and immediate information, including trend analysis, losses by supervisor/location, claims data and much more, all at the click of a button.

Job site surveys that focus on issues needing immediate attention and that identify processes to ensure correct control measures are in place to lessen future safety hazards.

Online resources, including:

- “Build-your-own control” tools
- Industry-specific safety information
- Dozens of online video training modules
- Comprehensive Toolbox Talks

Additional resources, including 3CU's proprietary safety inventory system, safety culture gap analysis, job safety analysis, ergonomics information, fleet and behavioral safety and much more.

Discover how 3CU can partner with you to achieve new levels of safety effectiveness at your workplace. For more information, visit 3CU.com, email info@3CU.com or call 1-866-641-2328.
